Lights On After School 2021

The Afterschool Alliance's project, "Lights on Afterschool," is dedicated to ensuring that all children have access to high-quality, low-cost afterschool programs. On October 20, The Boys and Girls Club of Bisbee explained the significance of this project to the members. Our team had the members color light bulbs and created a memorial in the gym for members to see every day. Our team ended the day with a fun raffle for the members.
